

# Responsible AI for mental health

Umar Nizamani

This is a talk about AI, the  
new tool in our utility belt ..

And like all tools, we need  
to put on our safety gear  
before we use it.

AI is having a growth spur,  
but it's not new

No, AI is not going to  
replace the therapist

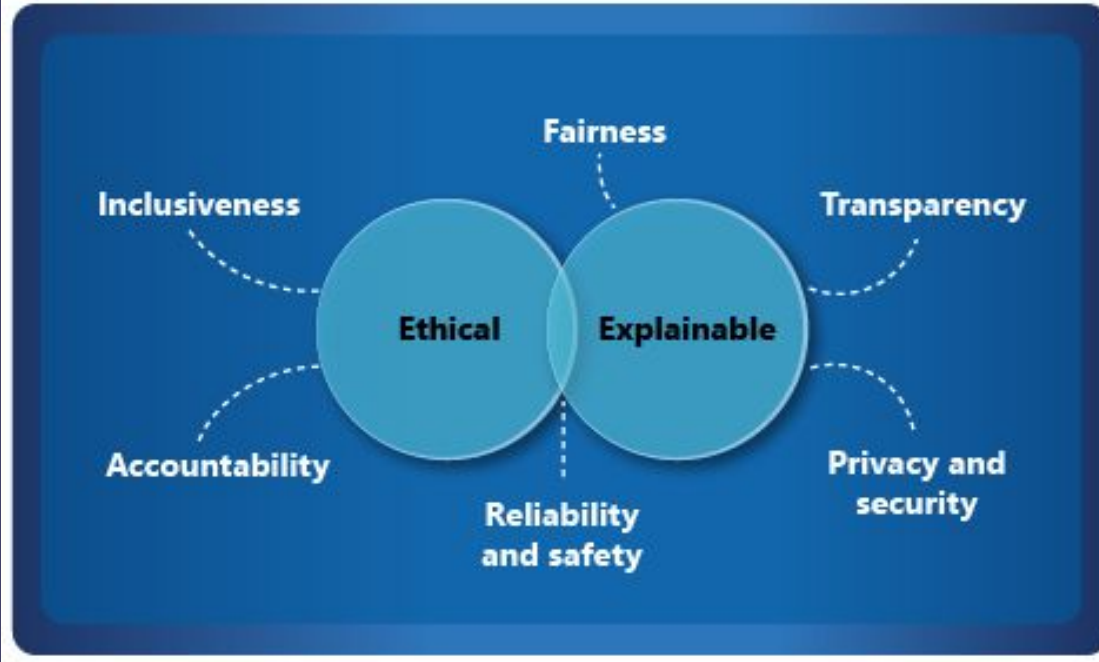

Therapists using AI will replace  
Therapists not using AI

Explainable AI in NiceDay

The self-driving car doesn't  
go to jail, the driver does.

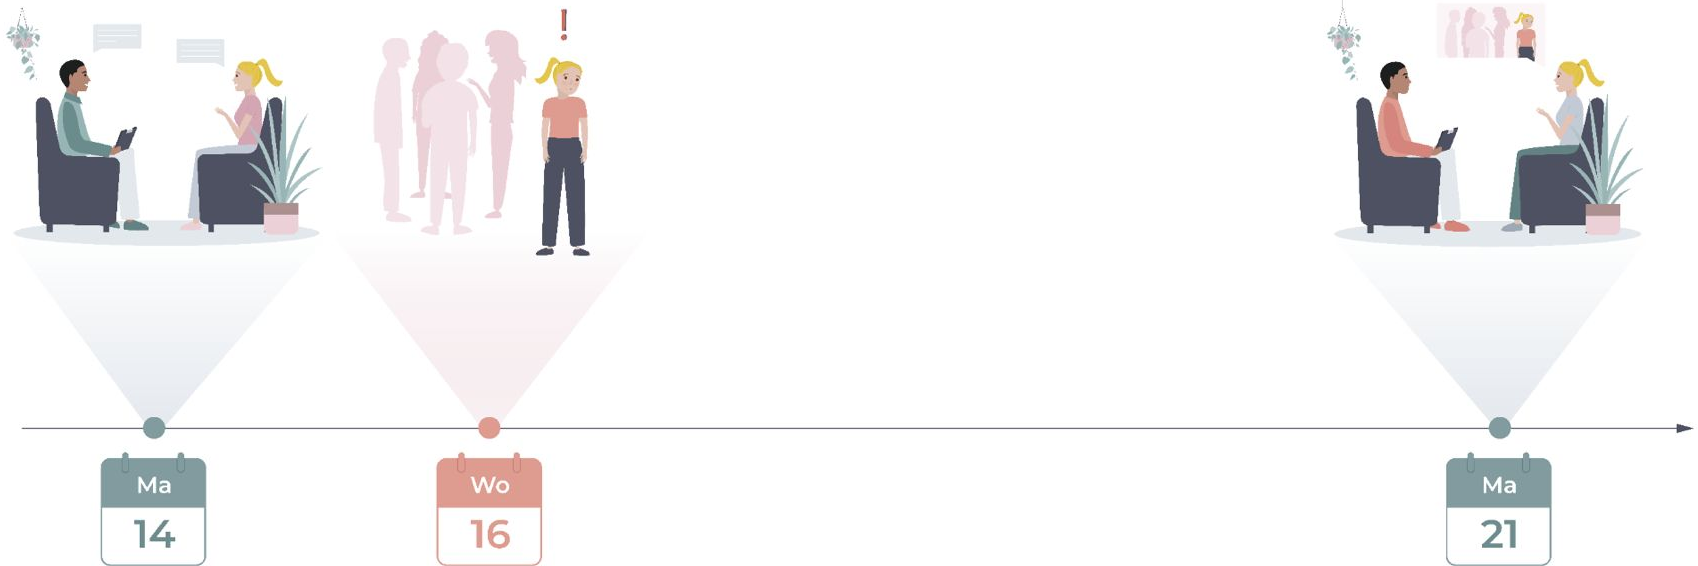

Let's start building  
responsible AI tools!

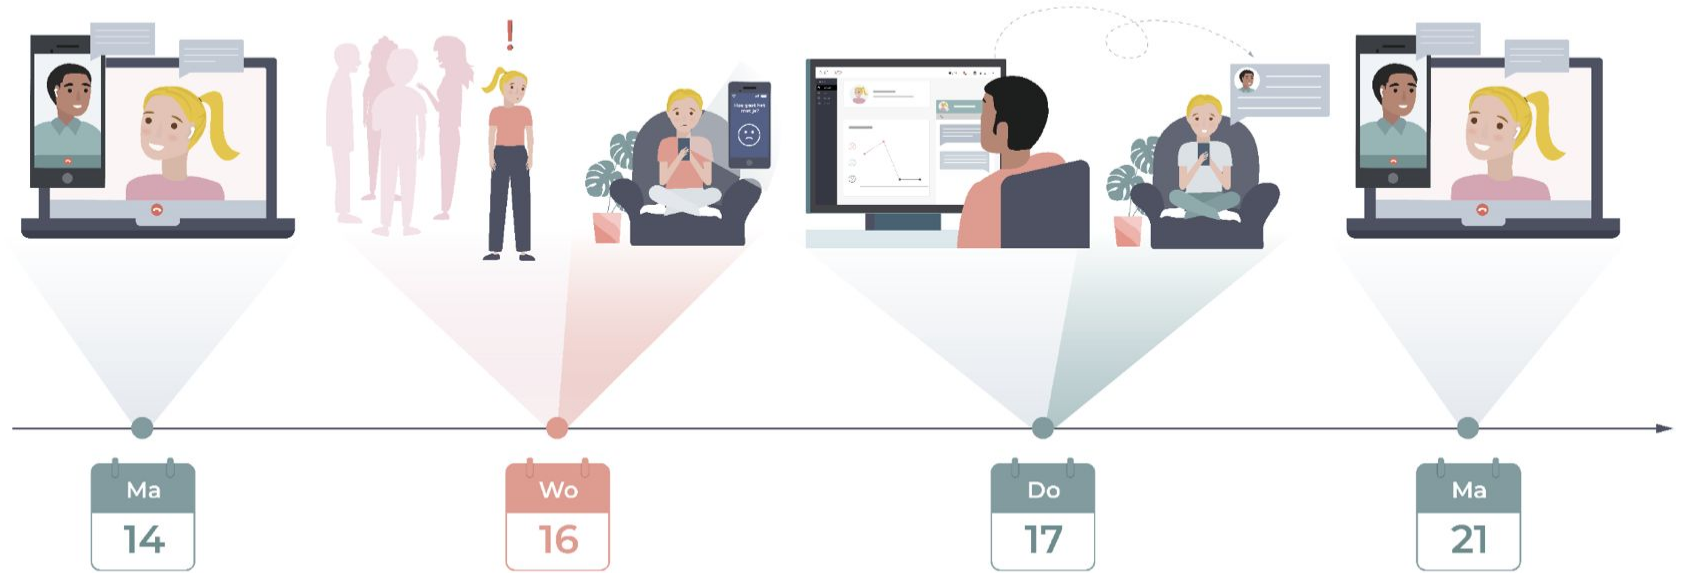

Not so fast..

It's not only the tools, it's  
the whole process!

# Traditional Care

# Data Supported Care

“If I had asked people what they wanted, they would have said faster horses”

**Henry Ford**

On being asked about the first car

Lets reimagine care  
beyond just faster horses.
